

Macro (a closer look at the past week)

On Monday's Zoom we had an entertaining, energetic and wide-ranging talk on "Smartphone Photography" with Jet (Jeanette Lendon) of jetblacksquares.com from which everyone seemed to learn something new about their device previously known as a phone. You should already have received an email with follow-up info from Jet. Remember to check your settings and carry your lanyard, lego brick, small acrylic mirror and separate handy LED light.

On Wednesday visiting judge Eddie Hyde was on Zoom for Round 1 of the Online Digital Image (ODI) Competition. Congratulations to the top images and photographers. Full results are on the [Club website](#) and attached to the newsletter email. The image review/discussion meeting is next Wednesday.

In a busy week members are voting in the monthly competition with set subject "the letters X and/or Z". **REMINDER** that Round 2 poll closes 6pm this Sunday and results on Monday's Zoom meeting.

The previous week's talk by Phil Savoie mentioned the PhotoPills app and website - they have recently updated and re-issued many free to download guides covering stuff such as seascape photography, astro/Moon/Milky Way/eclipse/star trail/meteor photography, blue hour/golden hour/sunrise/sunset photography, etc. Check the articles website page at photopills.com. Other apps/websites are available.

Some interesting and impactful documentary images in the [Guardian's gallery of 20 images from the week](#). Lot's of ads to skip over but eye-catching images.
