

## Macro (a closer look at the past week)

Last week we had an excellent talk on Urban Night Photography from North Yorkshire-based photographer Alistair How - see [www.alistairhowphotography.co.uk](http://www.alistairhowphotography.co.uk) - with lots of well-crafted images exploiting architectural lighting, moving traffic, reflections, long exposure and other techniques.

This week we looked at, discussed and "ranked" the 30 images from the three Belfast, Cardiff and Edinburgh photography clubs as part of the 4-way (tele)Photo Challenge. The results from the other Clubs are already starting to come in - and we will be discussing the images in the context of the overall consolidated results in a few weeks together in the Hut.

A few of their images are shown here (thanks to the Clubs/photographers for participating).
