

Macro (a closer look at the past week)

Two weeks ago Steve White (Henfield CC and Southwick CC) visited the Hut and presented his entertaining talk "On the road to image quality" - an informative journey with numerous pictures through camera menus/knobs/buttons to help improve the quality of his pictures - culminating in his preferred default camera settings.

For those that are interested in his discussion on ISO/noise the website he referenced is [PhotonstoPhotos](#) - and in particular this [chart](#). His view is it is better to have any photo, and in particular a sharp photo, than worry about noise too much.

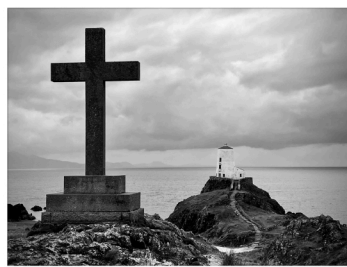

Steve returns as a judge in a few months, and next Autumn with "The Edit - it makes a difference".

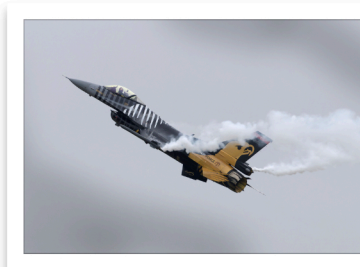

On Wednesday visiting judge Lawrence Homewood was at the Hut for Round 1 of this season's PDI Competition. Congratulations to the top images and photographers. Full results are on the [Club website](#) and attached to the newsletter email. We will review the images in the Hut along with the Print round in December.

1 Girl on merry go round by Michael Tagg

2 Hope and Protection by Phil O'Dell

3 F18 Hornet by Ian Woods

STOP PRESS - Wednesday's planned meeting with Crawley Art Society is postponed until the Spring as their premises are being repaired.

We welcome two new members this month Jon Trigwell and "PJ" (Peter) Cook. Also, Roger B (one of our double-digit Club number members !) becomes our first international member as he has moved to live in Sweden but hopes to join us for some Zoom meetings. We wish him well.

Mike Tagg is proposing the next Saturday Drop-in at the Hut is Sat 9 November 10-1pm.

The Museum and Barn Exhibitions are now dismantled. Thank you to Steve Y for organising and set-ups.

Guidance on removing sticky labels is being circulated ! The Museum Exhibition is now available on [our website](#).

Sensor Spot - an occasional item on some "technical" aspect of photography - for those that may be interested. Don't lose sleep over it but your image sharpness will always have technical limitations - see an informed discussion on the impact of lens diffraction/Airy disks and depth of field ([youtube video](#))

Mid to Long Range Zoom (a look at what's coming up in the next few weeks)

(i) = organised by interest/learning group - watch out for email details from organiser(s)

Hut is available on unused Wednesdays for workshops/other meetings
