

Macro (a closer look at the past week)

A chance to recap on the events over the past few weeks. The month began with a Zoom talk by Alistair How on Travel Photography - "the documentation of an area's landscape, people, culture, customs and history". A winning travel image might include: an unknown place that inspires, a unique take on a known place, impact, a story, a positive spin. Key tips: know your camera well - you never know when an opportunity will arise, plan your ideas and location(s).

Last week we discussed and "judged" the 30 (tele)Photo images. Without giving too much away some of our favourites are shown below. The consolidated results (including CCC images) will be available in March.

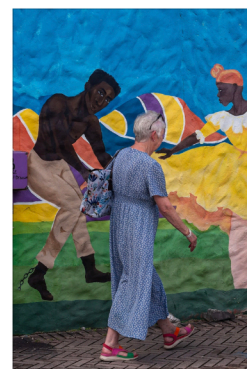

This past Monday guest judge Graham Mansfield was on Zoom for Round 2 of the Online Digital Image (ODI) Competition. Congratulations to the top images and photographers. Full results are on the [Club website](#) and attached to the newsletter email. This now concludes the ODI Competition. All R1/R2 images and feedback will be reviewed in next week's meeting.
